Principles

We Stretch Our Thinking

We consistently work hard when faced with a challenge. We never give up. We realize that sometimes we have to look at things from a different perspective to grow as an individual.

We Accept Others

We accept others by acknowledging that we are all different and unique. We each have our own strengths. We each have our own challenges. We embrace our differences.

We Are Lifelong Learners

Our minds are open to learn our whole life and in all areas of our life. Each day we strive to learn something new. We know we are responsible for our own growth and learning. We know that knowledge is limitless.

We Are Someone You'd Be Proud To Know

We take pride in being kind and respectful in our daily lives and in our interactions with other people. We strive to help others, better ourselves, and make our world a better place.
