To address concerns about religious exemptions to vaccines and ensure that the student body is best protected from vaccine preventable disease, beginning in the fall of 2017, religious exemptions to vaccination must be renewed annually, like medical exemptions.

Any student who currently has a religious exemption on file will be allowed to maintain that exemption for the 2017-18 school year, but it will have to be renewed for the 2018-19 school year. Parents/Guardians please be informed that moving forward, all religious exemptions must be renewed annually. An annual renewal means that parents/guardians must write and sign a new religious exemption. All religious exemptions should be dated by the signing parent/guardian to allow for monitoring of annual renewals each school year. Annual renewal of exemptions should occur at the start of each school year.

Thank you for your assistance,
